

The Chicano  
Federation

# 2022 IMPACT REPORT

Chicano Federation remains at the forefront of equity and access for our communities. During 2022, Chicano Federation continued our core programs and expanded services and programs based on community needs. Thanks to the dedication and commitment of our partners and staff who continue to put the community first, in 2022, we have continued providing our high-quality services to more families than ever before.

In 2022 we welcomed a new Chief Executive Officer to our Chicano Federation Familia

“

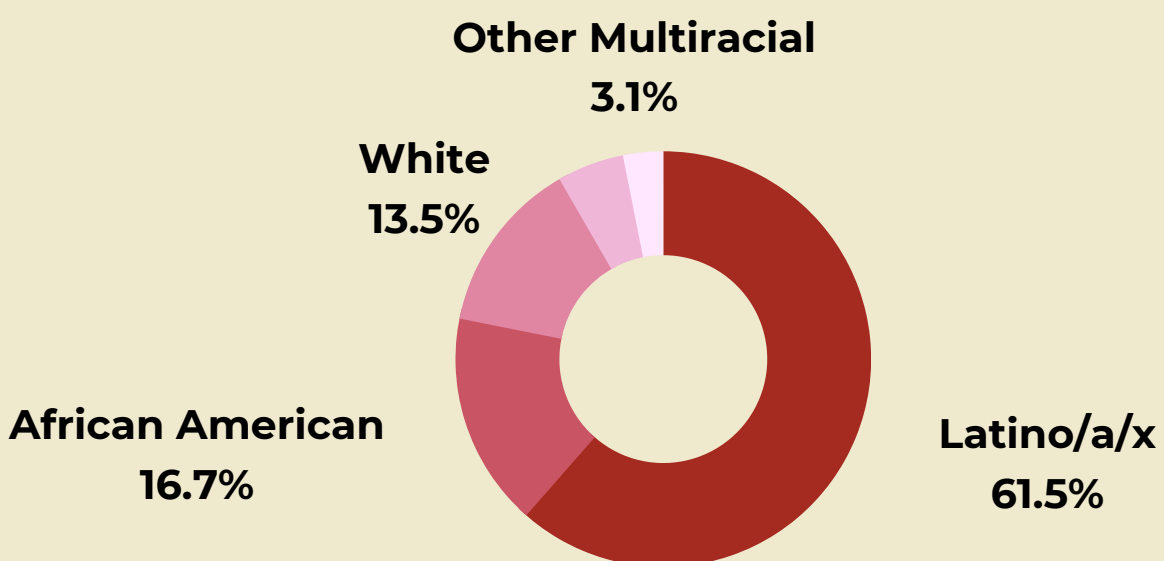

I am very proud of our team and what we have accomplished in 2022, and I look forward to the exciting work we will continue to do for our communities in the years to come!

LIZ RAMÍREZ

”

Chicano Federation programs and services engage San Diego County, Riverside county and Orange County
